# FLOOD WATCH

## Message #2

---

### **Credit Valley Conservation**

1255 Old Derry Road, Mississauga, ON, L5N 6R4  
Telephone: (905) 670-1615 Fax: (905) 670-2210

Issued to: Municipalities, Police, Emergency Services, School Boards, Media, Local Conservation Authorities, CVC Staff and Board Members

Date: April 16, 2018

Time: 11:30am

---

Credit Valley Conservation advises that 70-75 mm of precipitation has fallen throughout the watershed since Thursday April 12, with an additional 20-30 mm of precipitation expect over the next twelve hours in the form of rain or freezing rain.

Water levels along the Credit River and its major tributaries have increased due to rain and ice melt over the past weekend. As a result, minor flooding in low lying areas is anticipated. These areas may include Townline Road in Orangeville, Inglewood, Terra Cotta, Crestview Lake and Caledon Lake in Caledon.

The public is reminded to exercise extreme caution around all water bodies. Banks adjacent to rivers and creeks are very slippery at this time and when combined with current weather conditions, pose a serious hazard. People are encouraged to keep their children and pets away from all watercourses and off frozen water bodies, which will be extremely unsafe.

CVC will continue to monitor the watercourse and the weather. This Flood Watch will be updated by 2pm Wednesday April 18, 2018.

For more information on this Flood Watch message, contact CVC during office hours at 905- 670-1615. To report a flood afterhours, please call 1-800-215-8505.
