

WATERSHED CONDITIONS STATEMENT

Water Safety

Credit Valley Conservation

1255 Old Derry Road, Mississauga, ON, L5N 6R4
Telephone: (905) 670-1615 Fax: (905) 670-2210

Issued to: Municipalities, Police, Emergency Services, School Boards, Media, Local Conservation Authorities, CVC Staff and Board Members

Date: June 13, 2018

Time: 2:00 PM

Conditions are ideal for the development of thunderstorms as cold front is expected to move through our watershed this afternoon.

Flooding of the Credit River and its major tributaries are not expected. However, intense rainfall associated with thunderstorms may result in flooding of small headwater and urban areas. Some watersheds may respond with higher flows and water levels. As a result, local streams and rivers could become dangerous, especially in the vicinity of culverts, bridges and dams. Children should be warned to stay away from all watercourses.

CVC will continue to closely monitor weather and water levels in the watershed. The Watershed Conditions Statement for Water Safety will be in effect through Thur-Jun-14-2018 or until further notice.

To view current watershed conditions, visit our real-time monitoring website: <http://www.creditvalleyca.ca/watershed-science/watershed-monitoring/real-time-monitoring/>

For more information on this Water Safety Statement, contact CVC during office hours at 905- 670-1615. To report a flood afterhours, please call 1-800-215-8505.

Rebecca Stewart
Flood Duty Officer

NOTE: A Watershed Conditions Statement for Water Safety is issued when high flows, unsafe banks, melting ice or other factors that could be dangerous for recreational users such as anglers, canoeist, hikers, children, pets, etc. Flooding is not expected.
