Flood Outlook Statement

Credit Valley Conservation

1255 Old Derry Road, Mississauga, ON, L5N 6R4
Telephone: (905) 670-1615

Issued to: Municipalities, Police, Emergency Services, School Boards, Media, Local Conservation Authorities, CVC Staff and Board Members

Date: June 29, 2021

Time: 3:11 PM

Environment Canada has issued a severe weather bulletin for southern Ontario. Localized heavy rain and thunderstorms will continue into this evening. Rainfall amounts will be variable given the localized nature of the rain and thunderstorms. Total rainfall amounts of 50 to 75 mm are possible by late this evening with many areas expected to receive significantly lesser amounts.

Flooding along the Credit River and its major tributaries is not expected with the thunderstorms. Flooding in highly urbanized areas may occur with the heavy rainfall associated with severe thunderstorms. Local streams and rivers could become dangerous, especially in the vicinity of culverts, bridges and dams. Children should be warned to stay away from all watercourses.

CVC will continue to closely monitor weather and water levels in the watershed. The Watershed Conditions Statement for Flood Outlook will be in effect through Thu-Jul-1-2021, or until further notice.

To view current watershed conditions, please visit our real-time monitoring website: <https://cvc.ca/watershed-science/watershed-monitoring/real-time-monitoring/>

Jing Liu
Flood Duty Officer

NOTE: A Flood Outlook Statement is issued as an early notice of the potential for flooding based on weather forecast of heavy rain, snow melt, high wind or other conditions that could lead to high runoff, ice jams, shoreline flooding or erosion.

Note to Public: CVC's role during a flooding event is to monitor current watershed conditions and weather forecasts, predict river and creek conditions, and communicate our findings to the public, municipalities and media. For more information about this message please call CVC between 8:30 and 4:30 (Monday to Friday) at 905-670-1615 and ask for the Flood Duty Officer. If you are concerned about high water levels in your area, please contact your municipality. For emergencies requiring police, fire or ambulance, call 9-1-1.

These flood warning messages can be found on our [homepage](#), [Facebook account](#) and [Twitter account](#). Additionally, you can sign-up for CVC flood alerts in real-time right to your mobile device through the [Alertable app](#), a Canadian public emergency alert system. It's free via the [Apple App Store](#) and [Google Play Store](#).

Note to Municipal, Provincial and Conservation staff: For more information about this message please call CVC between 8:30 and 4:30 (Monday to Friday) at 905-670-1615 and ask for the Flood Duty Officer. For after-hours inquiries, please phone our answering service at 1-800-215-8505.

Note to Media: For further information or questions regarding this message contact the Senior Manager of Marketing and Communications. During office hours call 905-670-1615 and 1-800-215-8505 for after-hours inquiries.
